

Here is a list of virtual machines that were built using Oracle VirtualBox (they are also called virtual appliances). They can be used for practicing Oracle database technologies.

Because most of the downloadable files are so huge, I recommend downloading them using a download manager software like **Free Download Manager**

ID	Download Title	DB Version	Platform	ASM?	CDB?	File Size	Download Page
A001	Oracle Linux 6.10 64-bit seed (Fresh Installation)	N/A	Linux 6 – 64-bit	N/A	N/A	1.6G	Download
A004	Oracle Database 12c R1 on Linux 6.7 with ASM	12.1.0.2	Linux 6 – 64-bit	Yes	No	17G	Download
A010	Oracle Linux 7.8 64-bit (Fresh Installation)	N/A	Linux 7 – 64-bit	N/A	N/A	2.3GB	Download
A013	Oracle Database 12c R1 on Linux 7	12.1.0.2	Linux 7 – 64-bit	No	No	6.8G	Download
A016	Oracle Database 12c R2 on Linux 7	12.2.0.1	Linux 7 – 64-bit	No	Yes	10.6G	Download
A019	Oracle Database 19c on Linux 7	19.8	Linux 7 – 64-bit	No	Yes	9.7G	Download
A021	Oracle Database 19c Standalone + ASM (Oracle Restart)	19.3	Linux 7 – 64-bit	Yes	Yes	11.4G	Download
A024	Oracle Database 19c Primary and Physical Standby databases	19.3	Linux 7 – 64-bit	No	Yes	12G	Download
A027	Oracle RAC Database 19c on Linux 7	19.3	Linux 7 – 64-bit	Yes	Yes	21G	Download
A030	Oracle GoldenGate 19c on Two Oracle Databases	N/A	Linux 7 – 64-bit	N/A	N/A	21G	Download
